

Unique Technologies Shipping Policy

Domestic Shipments

Unique Technologies preferred carrier is FedEx within the contiguous United States. FedEx will not ship to PO Boxes. We have a daily FedEx and UPS pickup. Unless requested, all shipments are sent Ground.

Orders should be received before 2 p.m. Eastern Standard Time (EST) to be considered for same day shipment given satisfaction of payments terms, product availability, and prior shipping commitments.

Unique Technologies requests that you provide your courier service account number so that all billing is charged to your account. If you are unable to provide a courier account number for billing, we will ship on your behalf and bill shipping charges according to a matrix based on service requested and volume of product.

Drop-Ship Service

We can ship an order directly to your customer. If ordering online, simply select "drop-shipment" and include the appropriate address in the shipping address field. Unique will include a standard packing list along with the shipment or you may provide your own packing list; however, please email that to us immediately after placing your online order. You will need to invoice the customer separately. Please include special instructions in 'Order Notes'. Your invoice will include a five dollar (\$5) handling fee for providing this service.

International Shipments

Unique Technologies welcomes international customers to ship with FedEx, UPS, or your preferred carrier on your own account. Other carriers are available, but do not have regular daily pick-ups at our shipping facility.
